Title: The Heller social impact case collection : reimagining capitalism
through case-based learning / edited by Carole Carlson, Matthew Kriegsman,
and Joel Cutcher-Gershenfeld.

Description: Waltham, Massachusetts : Brandeis University Press, 2024 |

Summary: “This is, to best of our knowledge, the first collection of social impact
business cases. At a time of deep and pervasive global challenges, it is essential
for future leaders to apply management principles to social impact cases. It is
equally important to ensure that the protagonists and authors of the cases reflect
diverse identities and locations from around the world.” — Provided by publisher.
